WISHNE

BOYRAZ

Öncüller's adventure began in **1975** in the Merzifon district of Amasya with Rosehip Marmalade cooked in traditional cauldrons over a wood fire.

When you look at the history of marmalade, Öncüller is the **first name** you encounter in Turkey with its **50-year heritage**.

Processing fruits gathered from the mountains in their most natural state, Öncüller meticulously applies **quality control processes** at every stage of production. Just as in the past, it continues to produce the best with the same care and confident steps into the future.

This journey, which started in a local market, spread to **all of Türkiye** over time; then it took its place in **international markets** and evolved into the unique products listed below:

Type	Fruit Types	Details	Packing
Organic Marmalade	Rosehip	60 % Organic fruit and sweetened with Organic Apple concentrate	40 gr – 260 gr – 350 gr 2,5kg – 5kg – 10kg – 20kg
Organic Puree	Hawthorn	100 % Organic fruit itself Sugar Free	40 gr – 260 gr – 350 gr 2,5kg – 5kg – 10kg – 20kg
Traditional Marmalade	Cornelian Cherry	60 % fruit and sweetened with Beet sugar	40 gr – 280 gr – 400 gr – 10kg 2,5kg – 5kg – 10kg – 20kg

CORNELIAN CHERRY

Rosehip

Rosehip, the fruit of the wild rose plant (*Rosa canina*), has numerous health benefits. Here are some key advantages of incorporating rosehip into your living:

- **Rich in Vitamin C:**

Rosehips are an excellent source of vitamin C, which is crucial for immune function, skin health, and collagen production. Vitamin C is a potent antioxidant, protecting cells from oxidative damage.

- **Antioxidant Properties:** Besides vitamin C, rosehips contain other antioxidants like flavonoids and carotenoids, which help neutralise free radicals, reducing oxidative stress and inflammation in the body.

- **Anti-Inflammatory Effects:** Rosehips have anti-inflammatory properties that can help reduce inflammation and alleviate symptoms of arthritis and joint pain.

- **Supports Skin Health:** The high vitamin C content and antioxidants in rosehips can improve skin texture and appearance. They are often used in skincare products for their potential to reduce signs of ageing, such as wrinkles and fine lines.

- **Boosts Immune System:** The vitamin C and other nutrients in rosehips support the immune system, helping the body to fend off infections and illnesses.

- **Improves Digestion:** Rosehips contain dietary fibre, which aids in digestion and promotes regular bowel movements, contributing to overall digestive health.

- **Supports Heart Health:** The antioxidants and vitamins in rosehips can help reduce cholesterol levels and improve cardiovascular health by supporting healthy blood vessels and reducing oxidative stress.

- **May Help Manage Weight:** Some studies suggest that rosehip extract might help manage weight by influencing fat metabolism and reducing fat accumulation.

- **Improves Joint Health:** Rosehip extracts are beneficial in reducing joint pain and stiffness, particularly in individuals with osteoarthritis.

Hawthorn

Hawthorn (*Crataegus* spp.) is a plant traditionally used for its potential health benefits, particularly for heart health. Here are some of the notable benefits:

- **Supports Heart Health:** Hawthorn is well-regarded for its cardiovascular benefits. It may help improve blood flow, reduce blood pressure, and strengthen the heart muscle. This makes it useful for managing conditions like heart failure, angina, and high blood pressure.

- **Antioxidant Properties:** Hawthorn is rich in antioxidants, including flavonoids and oligomeric proanthocyanidins. These compounds help protect cells from oxidative stress and damage caused by free radicals.

- **Anti-Inflammatory Effects:** The antioxidants in hawthorn also have anti-inflammatory properties, which can help reduce inflammation in the body and may alleviate symptoms of inflammatory conditions.

- **Improves Circulation:** Hawthorn can enhance blood circulation by dilating blood vessels and improving the flow of blood to various organs, which is beneficial for overall cardiovascular health.

- **Supports Digestive Health:** Some traditional uses of hawthorn include its role in improving digestion. It is believed to aid in relieving symptoms of indigestion and gastrointestinal discomfort.

- **May Help with Anxiety and Stress:** Hawthorn has been used in traditional medicine to promote relaxation and reduce symptoms of anxiety. Its calming effects may help in managing stress and promoting overall mental well-being.

- **Improves Exercise Tolerance:** Some studies suggest that hawthorn extract can enhance exercise tolerance and endurance, which may be beneficial for individuals with heart conditions or those looking to improve their fitness levels.

- **Blood Sugar Regulation:** There is evidence suggesting that hawthorn might help in regulating blood sugar levels, which could be beneficial for individuals managing diabetes or insulin resistance.

Cornelian Cherry

Cornelian cherries offer several potential health benefits due to their rich nutritional profile.

- **Rich in Antioxidants:** Cornelian cherries contain powerful antioxidants such as flavonoids and vitamin C, which help protect cells from oxidative stress and damage caused by free radicals. This can support overall health and potentially reduce the risk of chronic diseases.

- **High in Vitamins:** They are a good source of vitamin C, which is essential for immune function, skin health, and the absorption of iron from plant-based foods. Additionally, they provide vitamins A and E, which have various health benefits.

- **Anti-inflammatory Properties:** The antioxidants in cornelian cherries also have anti-inflammatory effects, which can help reduce inflammation in the body and may benefit conditions like arthritis.

- **Digestive Health:** Cornelian cherries contain dietary fibre, which aids in digestion and can help maintain healthy bowel movements.

- **Supports Heart Health:** The high levels of antioxidants, along with certain vitamins and minerals, may contribute to cardiovascular health by helping to reduce blood pressure and cholesterol levels.

- **Boosts Immunity:** The vitamin C content in cornelian cherries supports the immune system, helping the body fight off infections and illnesses.

- **Skin Health:** Antioxidants and vitamins in cornelian cherries can also promote healthy skin, helping to prevent premature ageing and maintain a youthful appearance.
